EDUCATION

Bachelor of Technology
UIET, CSJM University, Kanpur

2018-22

Senior Secondary
GBSS School, Delhi

2017 - 18

PROJECTS

Wiser
- It is my B. Tech final year project based on MERN stack. The idea is to create a central database which works on the Wi-Fi network, without internet connection (intranet).
- A raspberry pie device will be used to run the server.

Village Website
- An introductory website for my village
- Created using HTML, CSS, Bootstrap, jQuery and AJAX
- www.bhogaon.netlify.app

E!commerce Website
- An e-commerce website with functionality like adding/removing items to cart, filtering by price range, and searching etc.
- Created using HTML, CSS and React JS
- https://ecommershooks.netlify.app/

INTERNSHIP

Full Stack Web Developer
HatchnHack

02/2022-Present

- HatchnHack is digital solution IT company. My role is a full stack developer while managing the team.
- I have worked on Authentication system, state management, API integration, functions (Node JS functions), Dashboard Data Visualization and token generator using Node JS, while providing the insights and ideas.
